Education

Indian Institute of Information Technology, Allahabad
B.Tech / CGPA: 8.12 / 10 SGPA: 8.9 / 10 (*best*)

Nov 2022 - May 2026

Experience

- DealShare | Backend Developer Intern | Won Best Intern Award ([View](#))** Jan 2026 – present
- Solely engineered an end-to-end warehouse replenishment system across **11 Spring Boot REST APIs** built with **Maven**, handling **48k+ production requests** at **<0.1%** error rate within a **microservices architecture**.
 - Built a product recommendation engine using **collaborative** and **content-based filtering** on cleaned transactional data; integrated **Elasticsearch** for SKU/UPC lookup and **Redis** caching, backed by a dynamic UI.
 - Resolved **3 production bugs** via **Datadog** on-call monitoring and engineered **4 CRON jobs** for inventory sync, ensuring concurrency safety using **optimistic locking** and **Memcached** distributed locks.
- GleoAI | Software Developer Intern** May 2025 – Jul 2025
- Fine-tuned **Whisper-base** (seq2seq, **20 epochs**), used **Sarvam AI** for realtime NLP language suggestions.
 - Built **6 Flutter/Dart** screens with **REST API integration** and **state management** via dynamic widgets.
 - Integrated **Glide** caching and **Kotlin Coroutines** across **3 async workflows**, eliminating redundant calls.
- OpenCode | Mentor** Dec 2023 – Jan 2024
- Mentored **200+ contributors** across **4 repositories**, reviewed and merged **582 PRs**, and resolved **189 issues**.
 - Maintained repos with **41 stars** and **228 forks**, increasing test coverage by **25%** across active codebases.

Projects

- ORBIT – Voice-Integrated AI Assistant | Python, Gemini API** [GitHub](#)
- Engineered a **multi-agent AI assistant** automating **5 workflows** — Notion, WhatsApp, Google Tasks, Gmail, and Calendar using **Gemini API** with real-time interruptible voice conversations.
 - Orchestrated **Google** and **WhatsApp API** integrations for end-to-end command execution, reducing friction from intent to action within a single voice interaction.
- Asmita App – Official Fest Application | Node.js, Firebase, Redis | Kotlin** [GitHub](#)
- Architected a live sports score display system serving **2.4k users**, implementing **rate limiting** and **throttling** for high-concurrency event traffic.
 - Built a **dynamic UI** engine rendering variable score card layouts across game types, following **MVC architecture** with clean modular **REST APIs**, Integrated **Redis** caching for slow-changing data and deployed via **Docker**
- Sembreaker – Academic Utility App | Flutter, Firebase** [Playstore](#)
- Achieved **1,000+ installs** and **4.3★** Play Store rating with **1,500+ active users** on free tier
 - Integrated **Firebase Authentication** and **Analytics** enabling personalized resource delivery for **1,000+ college students** across a centralized platform.

Achievements

- **Flipkart GRID 6.0**: Ranked Top 389 teams among 1.8 Cr+ participants (Top 0.02%).
- **Amazon HackOn Season 5**: Ranked Top 2000 out of 50.6 Lakh+ (Top 0.04%).
- **Finarva AI Hackathon**: Finalist (Top 10/2200+ teams).
- **Kaggle**: Ranked **542 globally** in ML Heart Disease Prediction contest out of **4,371 teams**.
- **Competitive Programming**: LeetCode [noraxx](#) (Knight, Rating 1850, Top 5%), Codeforces [devinux](#) (Specialist).

Skills

- **Languages & Tools**: Kotlin, Python, C++, JavaScript, Java, Git, Docker, Redis, Firebase, MongoDB
- **Backend & Cloud**: Spring Boot, REST APIs, Microservices, System Design, Distributed Systems, Concurrency, Server-Client Architecture, AWS, GCP, Jenkins, Jira, MageAI, Datadog, Elasticsearch.
- **Soft Skills**: Leadership, Problem-Solving, Teamwork, Adaptability.

Leadership & Initiative

- GeekHaven, IIIT Allahabad | App Wing Coordinator** 2024 – Present
- Directed Android wing, managing **3 production apps** end-to-end, mentoring **50+ students**, and introducing scalable architecture practices across all projects.
- IIT Kanpur – Basics of Android Development | Teaching Assistant** 2025
- Guided 50+ students in Android development, debugging, and backend integration (95% positive feedback)
